Project

Sports venues Irrigation systems

Solution

After the success of the 2004 European Championship, in Portugal (9 out of 10 fields) and the Olympic Games in Greece (7 sites), during the World Cup 2006, Rain Bird will once again provide the most prestigious sports arenas with professional irrigation systems. There are 12 stadiums selected for World Cup 2006. 7 out of the 12 stadiums are equipped with Rain Bird irrigation solutions.
